

## FISH & CHIPS

"The heart of a British seafood restaurant should be great fish and chips. When done properly with excellent fish cooked in a crisp batter in beef dripping plus thick chips which have never been near a freezer, it is one of the greatest dishes of the world." - Rick.

**All served with chips.**

There's nothing more exhilarating than fresh fish simply cooked.

We've never thought of our restaurants as temples of gastronomy, they're just places where the fish is fresh and the atmosphere alive and full of fun.
